In re Patent No. 6,797,813 de Waal Malefyt et al. Issue Date: September 28, 2004 Application No. 10/083,720 Filed: February 28, 2002 Attorney Docket No. DX0644KBK

: DECISION ON APPLICATION : FOR

: PATENT TERM ADJUSTMENT

: and

: NOTICE OF INTENT TO ISSUE : CERTIFICATE OF CORRECTION

This is a decision on the "APPLICATION FOR PATENT TERM ADJUSTMENT INCLUDING REQUEST FOR RECONSIDERATION OF PATENT TERM ADJUSTMENT INDICATED IN NOTICE OF ALLOWANCE (37 C.F.R. § 1.705)(b)," filed August 10, 2004. Patentees request that the initial determination of patent term adjustment be corrected from two hundred eighty-three (283) days to three hundred twenty-two (322) days.

The application for patent term adjustment is **GRANTED** to the extent indicated herein.

The Office has updated the PAIR screen to reflect that the correct Patent Term Adjustment (PTA) determination at the time of the mailing of the Notice of Allowance is three hundred eighteen (318) days. A copy of the updated PAIR screen, showing the correct determination, is enclosed.

Patentees are given **TWO (2) MONTHS** from the mail date of this decision to respond to this decision. No extensions of time will be granted under \$ 1.136.

Prior to this decision being rendered, the application matured into a patent. The patent term adjustment indicated in the patent is to be corrected by issuance of a certificate of correction showing a Patent Term Adjustment of three hundred eighteen (318) days.

On May 11, 2004, the Office mailed the Determination of Patent Term Adjustment under 35 U.S.C. 154(b) in the above-identified application. The Notice stated that the patent term adjustment (PTA) to date is 283 days. On August 10, 2004, patentees timely 1 submitted an application for patent term adjustment (with required fee). Patentees dispute the reduction of 42 days attributed to applicants for failing to respond within three months to the Notice to File Missing Parts of Application mailed April 8, 2002. Patentees state that their response was received on July 11, 2002, and thus, a delay of 3 days should have been entered.

Patentees state that the patent issuing from the application is not subject to a terminal disclaimer.

The reduction of 42 days has been found to be incorrect. review of the application file reveals that applicants' responses to the Notice to File Missing Parts of Application mailed April 8, 2002, are of record in the application with dates of receipt by the Office of July 11, 2002 and July 15, 2002. In response to the Notice, applicants mailed separately responses to Box Missing Parts (declaration, filing fee, and surcharge) and to Box Sequence Listing (sequence listing). A complete reply was not received until receipt of the portion of the response received Thus, the Office should not have assessed July 15, 2002. applicants a delay of forty-two (42) days. The response was filed outside the three-month period under 37 CFR 1.704(b), but only by 7 days.

In view thereof, the correct determination of patent term adjustment at the time of the mailing of the Notice of Allowance is three hundred eighteen (318) days (325 - 7).

A review of the application history confirms that, after the mailing of the notice of allowance, there were no delays on the part of the Office warranting an adjustment or on the part of the applicants warranting a reduction of the patent term. However, a period of reduction of 50 days was entered for the filing of this application of patent term adjustment. This reduction has been removed. See § 1.704(e).

In view thereof, the patent should have issued with a revised patent term adjustment of three hundred eighteen (318) days.

PALM records show that the Issue Fee payment was also received in the Office on August 11, 2004.

Page 3

The Office acknowledges submission of the \$200.00 fee set forth in 37 CFR 1.18(e). No additional fees are required.

The application file is being forwarded to the Certificates of Correction Branch for issuance of a certificate of correction in order to rectify this error. The Office will issue a certificate of correction indicating that the term of the above-identified patent is extended or adjusted by **THREE HUNDRED EIGHTEEN (318)** days.

Telephone inquiries specific to this matter should be directed to Nancy Johnson, Senior Petitions Attorney, at (571) 272-3219.
